**THE MACHINERY SUPPLY COMPANY**  
105 N. BROADWAY, LOS ANGELES.  
Engines, Boilers, Pumps, and all kinds of machinery.  
**INGLESIDE CARNATIONS**—Ask your florist for them. In size they are the largest, in color the brightest, in perfume the finest. Grow by E. EDWARD GRAY, Alhambra, Cal.

**MUST PAY UP.**  
Notice Given to Purchasers of Indian Reservation Lands.  
(REGULAR ASSOCIATED PRESS REPORT.)  
WASHINGTON, July 21.—The district land officers in those parts of Kansas and Nebraska where parts of the former Otoe and Missouri Indian reservations are located, have been instructed to inform the purchasers of the lands that the balances due by them must be paid within ninety days or their entries will be cancelled.

These lands were bought at public auction in 1883 at prices largely in excess of their appraised value. One-fourth of the purchase money was paid down and the rest made payable in interest-free bonds at 5 per cent. Congress extended the limit of the time of payment of these amounts two years each time. In March, 1893, it passed a bill giving relief in case the Indians would accept the provisions. The Indians have refused to do this and the department will enforce the original contract. There is now \$12,122 principal and \$139,000 interest due on the lands.

**RESORTING TO POISON.**  
Esca's Partisans Said to Be Plotting Assassinations.  
(REGULAR ASSOCIATED PRESS REPORT.)  
NEW YORK, July 21.—A special to the World from San Salvador says that several Hondurans and Nicaraguans have been arrested and expelled from the country. It is stated that a plot to murder the President and Foreign Minister Castellanos has been discovered. Esca's partisans are said to have been offered a large sum of money by Esca's supporters if he would poison both Esca's partisans and the Italian who was hired to make the statement in order to discredit them. They emphatically deny this story.

It is stated that Finance Minister Leuma's mission to the United States has two objects, one to negotiate a loan, the other to make a settlement with Antonio Esca to refrain from molesting the Guiterres government.

**Nicaragua Enterprises.**  
MANAGUA (Nicaragua), July 21.—The national telegraph has been completed from Managua to Rama on the Bluefields River. The South Dakota company has made a contract to run monthly steamers under the Nicaraguan flag along the coast of East Nicaragua and terminals and carry the mails and thirty soldiers free.

**CAUGHT IN A RAID.**  
The Palace Club's Frequenters at London Given a Surprise.  
(REGULAR ASSOCIATED PRESS REPORT.)  
LONDON, July 21.—(By Atlantic Cable.) It has developed that a police raid was made upon the Palace Club on Thursday. A number of prominent Americans were caught in the raid. The club is one of several fashionable night clubs in London, where the demi-monde resort. It opens at midnight and closes at 6 o'clock in the morning. Late last night the police raided the club, having twenty-five men servants and a band playing nightly. A hundred men and women, all in evening dress, were captured. Among them were a United States Senator, a Congressman, a prominent law official of an Eastern State, and an American police official. All save the proprietor and servants of the club were released. They were remanded.

**A Railroad Engine Explodes.**  
Sedalia, Mo., July 21.—The Missouri Pacific engine No. 325 exploded in the yards here this afternoon. H. M. Speedy, a machinist at the yards, was badly scalded. His condition is critical.

**WEATHER FORECAST.**  
SAN FRANCISCO, July 21.—For Southern California: Fair weather; nearly stationary temperature; westerly winds.

**KILLED ON THE TRACK.**  
A Carriage Containing Six Men Struck by a Train.  
(REGULAR ASSOCIATED PRESS REPORT.)  
WILLIAMSTOWN (Mass.), July 21.—Four men were instantly killed while crossing the Fitchburg railroad track about two miles from this place this afternoon. A party of six men were riding in a trolley car over the track when it was struck by a west-bound express train. Two of the men, Clarence Prindle and Edward White, both of Williamstown, escaped by jumping.

The killed were: OLIVER DUDLEY, NELSON TRUDEAU, PETER ROCK, and JOSEPH TRAXON. They were all of North Adams. The accident occurred at a grade crossing known as the "dugway" just before 5 o'clock. As the men approached the crossing a freight train was passing eastward. They waited until the caboose of the freight had gone by and then started to proceed, apparently not seeing the west-bound train, which was advancing at express speed. The carriage was directly across the tracks when the freight train struck it. Prindle and White catching a glimpse of the oncoming train, had just time to shriek and jump, thereby saving their lives. The other four men were killed. Dudley was the only one who breathed after the accident and he expired after a few gasps. The others lay in a quivering mass among the broken and twisted remnants of the carriage. The mangled carcass of the horse lay a little at one side, while beside it and attached to it by the harness stood its mate unharmed.

As soon as possible the train was stopped and the bodies were taken from the wreckage and brought to the baggage car and then to Pownall, Vt., station, half a mile beyond.

**UNIONIST GAINS.**  
The British Government's Majority Now One Hundred and Eight.  
(REGULAR ASSOCIATED PRESS REPORT.)  
LONDON, July 21.—(By Atlantic Cable.) As a result of the pollings thus far held in the general elections the Unionists now show a net gain of 68, giving the government a majority of 108.

The districts to be heard from during the coming week are almost entirely in the counties in the shires. The number yet to be heard from is 160. The majority of these were represented by Liberals in the last general election.

**STANDING ON THE RECORD.**  
LONDON, July 22.—In the course of a letter to Sir James Wilson, congratulating him upon his success in the elections, Gladstone said: "It is too early to speculate upon the causes and to learn causes from facts, but the Liberal party in this nineteenth century can well afford to stand upon its record."

## STEAMER SUNK

The Ortigia Dashes Into the Maria P.

The Latter Goes Down With Those on Board.

One Hundred and Forty-eight People Drowned.

Forty-two Persons Saved.

Most Passengers Asleep at the Time.

The Stricken Vessel Founders in Three Minutes.

Her Destroyer Does Not Escape Injury.

A PRIOR DISASTER RECALLED.

A French Steamer Once Ran into the Same Locality—The News Conveyed to the Chamber of Deputies—Investigation Ordered.

(REGULAR ASSOCIATED PRESS REPORT.)  
GENOA, July 21.—(By Atlantic Cable.) The Italian steamers Ortigia and Maria P. collided off the Italian coast at the entrance to the Gulf of Genoa today. The latter sank and 148 persons were drowned.

The Maria P. was bound from Naples to La Plata. There was a crew of seventeen, and the passengers numbered 173. She was entering the Gulf of Genoa at 1:30 o'clock this morning when she met the Ortigia outbound. They did not notice each other until a collision was inevitable. The bow of the Ortigia crashed into the starboard side of the Maria P., penetrating six yards and ripping the Maria P. like match-wood. The water rushed in through the hole, and the Maria P. sank in three minutes.

The majority of the passengers were asleep at the time of the accident and had no time to escape after the alarm was given. They were engulfed with the vessel. The Ortigia remained on the spot until 6 o'clock in order to pick up the survivors. She rescued fourteen of the crew and twenty-eight passengers of the Maria P. Other steamers had been dispatched to the scene of the disaster and are now searching for further survivors.

The Ortigia's bow was smashed for a space of twelve feet along the waterline. The disaster in the mid of a profound sensation, adding that an officer, a seaman and 144 passengers of the Maria P. had perished. The Ortigia had twenty-five passengers on board. The captain was named Ferrara. The Chamber has ordered an inquiry into the disaster.

The sky was overcast at the time of the accident, and there was little sea. Both captains were asleep, and Third Officer Revelle was on watch on the Ortigia and Second Officer Angelo was on watch on the Maria P. The Ortigia was going at the rate of eleven miles an hour, and the Maria P. at the rate of eight miles. Each vessel saw the lights of the other, and continued on their proper roads until the mistake was made. It is not known whether the captain of the Ortigia, who brought the Maria P. broadside toward the Ortigia.

Third Officer Revelle of the Ortigia saw the danger and ordered the engines reversed. But the order came too late. The Ortigia struck the Maria P. making an enormous gap in her side. All the boats of the Ortigia were lowered, and the crew rescued all that they could of the survivors. The latter for the most part remain in such a state of terror since the rescue that they are unable to give a single detail of the disaster.

Capt. Ferrara, who was saved, says that he was sleeping in his cabin when he was awakened by cries and a great noise. He rushed upon deck and saw the Ortigia backing off while his own ship was sinking. Seeing that his ship was lost, he jumped into the sea where he was picked up by the Ortigia's boat. The survivors lost everything.

Second Officer Angelo of the Maria P., who was on watch on that ship when she was struck by the Ortigia, was drowned. Among the saved is a child 8 years old who is the only survivor of a family of seven who went down with the ill-fated ship.

**CAPT. FERRARA'S LOSS.**  
LONDON, July 22.—The Standard's Rome correspondent says that the wife, brother and son of Capt. Ferrara of the Maria P. were drowned.

**STARVING NEGROES.**  
The Mexican Government Investigating.  
(REGULAR ASSOCIATED PRESS REPORT.)  
DENVER (Colo.), July 21.—A special to the News from El Paso, Tex., says that dispatches two months ago told a story of the suffering of negro colonists in the State of Chihuahua, Mex., as related by two negroes from Alabama who had escaped. The United States government asked that the Mexican authorities investigate the report, and yesterday a Mexican commission arrived at Mapiwi, a station on the Mexican Central south of Chihuahua City, authorized to proceed to the colony and investigate.

At the station were nearly one hundred starving negroes from the Ellis colony. Superintendent Comfort of the Mexican Central is arranging transportation to bring them to.

## CHAOS AND DISORDER.

"Silver Dick" Bland Says There is No Democratic Party.

(REGULAR ASSOCIATED PRESS REPORT.)  
ST. LOUIS (Mo.), July 21.—Ex-Congressman Bland is in the city. Speaking on the silver question tonight he said:

"There is no use trying to dodge this issue any longer. If the Democratic party does not declare for the free coinage of silver, it will be wiped off the map. The newspapers in the large cities talk about the silver sentiment dying out, but they are not going to fool anybody. There may be a few Democrats in the cities who will follow the administration, but there are practically none in the country. This coming convention will show how the Democrats of Missouri stand. In order to win in the next campaign we have got to take a bold step for silver, and we must be getting in line."

"Do you think the next Democratic National Convention will declare for independent free silver?"

"I do not know whether it will or not, but if it does not the party will not stand a show. The people are not going to follow a platform any more which is meaningless, or intended to deceive. Federal officeholders and whiskey-gaugers may succeed in controlling conventions like they did in Kentucky, but the people will not follow them."

"I would not declare for free coinage lose the vote in the large cities?"

"It would unquestionably lose votes in the cities, but we would gain in others."

"Your name has frequently been mentioned as a candidate for the Presidency. I say that that is not so."

"It is all foolishness to talk about candidates. There is no Democratic party; there is nothing but chaos and disorder."

**AND THEY CHEERED.**  
There is still "Balm in Gilead" for the Greeks.

(BY TELEGRAPH TO THE TIMES.)  
LONDON, July 21.—(Special Dispatch.) There is still a philosopher among the Greeks, whose wisdom is able to silence the murmurs of the masses. The Greek judge on the island of Sicily, the other day, decided two claims against a railroad for damages caused by a collision. One claimant was a man who had lost an arm, and the other was a widow whose husband had been killed. The judge awarded 6000 piasters to the man, but only 2000 to the woman.

When the spectators began to protest loudly, the wise judge explained: "My dear people, the verdict must remain. If you will see that it is just. Nikola has lost an arm; nothing can restore it, but you (turning to the woman) are still young and pretty. You have not some money, and you can easily find another husband, who may be as good, even better, perhaps, than your dead one."

The judge was giving the verdict, and the people cheered him.

**HE PICKED THEM OFF.**  
JOSEPH NOSKA SHOTS DOWN A WHOLE FAMILY.

Cold-blooded Crime on a Louisiana Plantation—Rosario Giordano and His Three Children Wounded. His Wife and Two Others Killed. The Assassin Pursued.

(REGULAR ASSOCIATED PRESS REPORT.)  
NEW ORLEANS (La.), July 21.—Last Friday night on the Terre Haute plantation in St. John's parish, a terrible butchery was perpetrated. Rosario Giordano, a man of about 40 years of age, while Rosario Giordano and his family were seated at the supper-table, Jose walked up to the door and, leveling a double-barreled shotgun, fired. Mrs. Giordano fell to the floor a corpse, and the bullets that did not go through her went through both legs of a four-months-old infant which she held in her arms.

Giordano, fearing that the babe would be killed in the fall, sprang forward to catch it, and the assassin fired again. The bullet entered the groin and leg of Mary Giordano, the ten-year-old girl who, on seeing her mother fall, ran forward and received a portion of the load of buckshot that struck her father. The shot entered her abdomen, literally tearing it to pieces. At the same time little Nicola fell to the floor and was killed.

The assassin, Joe Noska, did not move from the spot. But when he saw Benedict Giordano, a nephew of the dead woman, and Charlie Columbano, coming toward him, he cooly placed two fresh shells in his gun and waited until they got very close to him. Then he raised the gun and fired both barrels, the two men falling to the ground dead. Then the murderer, throwing his gun on the floor, made his escape by the woods. When the citizens ascertained the extent of the deed they organized a posse and, led by the sheriff, attempted to capture the assassin. The wounded were brought to the Charity Hospital in this city. They are: ROSARIO GIORDANO, aged 34, shot in the left thigh; MARY GIORDANO, aged 10, shot in the abdomen, the bullets perforating the bladder and intestine; and little Nicola, aged 4 months, shot in both legs and in the head.

The two little Giordano girls at the hospital will die. The father and four-months-old babe will not recover. The assassin has not yet been captured.

Giordano says that he does not know how he had offended Noska, who was a laborer on the place. Except that on one occasion the overseer, who is a friend of his, told the man to do some chores. Giordano, however, had nothing to do with this. Giordano had been living on the plantation with his family for the past few years. Last October Noska came from New York to work on the plantation. He is a married man, and lived with his wife and two children on that place. The assassin and the wounded man had never had any trouble whatever, but Noska, living as far as the wounded man knew, existed between them.

**Chicago's Crooked Cops.**  
CHICAGO, July 21.—Chief of Police Badonoch is conducting an investigation of alleged blackmail by patrolmen which it is likely will result in a severe shaking-up of the force. Already four officers from the Harrison street district are under suspicion, and affidavits have been made against two of them. Chief Badonoch expects the investigation will disclose crookedness in ranks higher than that of patrolmen.

## THOSE BONES.

The Doctor's Analysis is Disputed.

Police Say Fire-Clay Is Not So Brittle.

Detective Geyer Said to Have Evidence of Holmes's Crime.

Twenty-five Men to Be Put to Work Today Digging in the Basement of the Englewood House at Chicago.

(REGULAR ASSOCIATED PRESS REPORT.)  
CHICAGO, July 21.—It is the intention of the Chicago police to make every effort to have H. H. Holmes, the swindler, brought here to answer the charge of having murdered the Williams sisters. The local officials are convinced that the murder of the Williams girls was the first committed by Holmes and they argue that in consequence he should be required to stand trial for it first. They also insist that they will be able to produce evidence that he did murder the sisters.

The police are by no means convinced by the analysis made by a doctor on Saturday, showing that the substance found in the big stove in Holmes's house was fire-clay and not human bones. They say that fire-clay would not become brittle in any kind of heat, whereas a portion of that found in the stove crumbled in the hands of Detective Fitzpatrick.

It developed today that the substance on which the first report of the finding of the bones of the Williams girls was in the hands of Detective Geyer of Philadelphia. It was said that he visited Chicago a week ago and when he left carried with him positive evidence that a body had been buried in the big stove in Holmes's office. It was also learned today that Detective Geyer would come to Chicago after he completed his search for the bodies of the Howard Pitzel in Detroit and will cooperate with the Chicago officers in whatever may be done hereafter.

In police circles it was said tonight that the only hope of convicting Holmes was in Chicago. It was said that the Philadelphia authorities could convict him of the murder of the Williams girls, but that the evidence was not sufficient to secure a conviction. The police in Chicago, however, are confident that they can secure a conviction.

No work was done in the basement of the Englewood house today, but twenty-five men will be put to work in the morning digging it up. The work that has been done thus far in this direction has been without result, and it is just as likely that evidence of a crime may have been more deeply buried, as that one might have been disclosed.

The plan in which the explosion took place on Saturday has been filed with water and it will require the services of a fire engine to pump it out before the investigation can proceed.

A Minter, nephew of Mrs. Julia Connor, discredited the story that she and her husband were murdered by Holmes. He thinks that both are alive and that Mrs. Connor does not know where she is. He says that he has seen her in a rooming house which she had with her husband.

**A CLEVER RUSE.**  
TORONTO, July 21.—By a clever ruse yesterday, a clock was run up to the Rossin House, and Detective Geyer got out and entered the hotel, returning in a few moments with a vial of female poison, which he said he was taking to Detroit, and that it was Mrs. Pitzel. As a matter of fact, she did not leave this morning.

**A CATHOLIC SCHOOL.**  
Archbishop Ryan Delivers the Opening Sermon.

(REGULAR ASSOCIATED PRESS REPORT.)  
ST. LOUIS (Mo.), July 21.—St. John's Church was crowded to the doors today. The sermon was delivered by Rt. Rev. P. J. Ryan, archbishop of Philadelphia, and every member of the Catholic summer school was present. Archbishop Ryan said in part:

"While praising the truths of the natural order, and realizing that knowledge is powerful, and that the more enlarged the intellect becomes the more it resembles its divine original, the omniscient God, you forget not the supernatural order, which is the realm of God concerning His own nature and our relations to Him. He is the fountain of all truth, natural and supernatural; science reveals truth, but God is truth itself. It is my place to speak to you of the institution of the church which is to preserve all the revelations primitive and Jewish, and to proclaim the newer and greater ones made manifest by Jesus Himself, and to be the Kingdom of God on earth possessed by Daniel."

"There are important analogies between the Jewish and Christian churches which enable us to understand the perfect truth of the latter. The Jewish church was no mere human institution, no mere fortuitous collection of men who might happen to agree in their interpretation of the law, but it was a living organism with a divinity constituted head, who was the representative of God on this earth, namely the Jewish high priest, who spoke with authority."

"But the same power that established it declared that its missions and functions were to be but temporary. The very date of its termination was placed by Almighty God and declared by the prophet Daniel. This institution took place only when Christ had proved that He was the Messiah and the Great High Priest of the new law. The Jewish Church was succeeded by Christ Himself as the Law-giver, Judge and Ruler."

Archbishop Ryan then developed the nature and mission of the church, the kingdom of God on earth as foretold in prophecies, described in parables and openly announced by our Divine Lord. He dwelt especially upon the great mark which Christ Himself gave of the divinity of His mission when He prayed that His followers might be one. "The mark of unity is today," he said, "the

## THOSE BONES.

The Doctor's Analysis is Disputed.

Police Say Fire-Clay Is Not So Brittle.

Detective Geyer Said to Have Evidence of Holmes's Crime.

(REGULAR ASSOCIATED PRESS REPORT.)  
CHICAGO, July 21.—C. H. Rowe, the defaulting cashier of Poweshiek county, Iowa, is under arrest in the City of Mexico, and a large part of the \$30,000 which he made away with has been attached by Pinkerton operatives, and is likely to be returned to the county from which it was taken. Richard Rowe, brother of the absconder, is also under arrest as an accomplice.

It is somewhat doubtful, however, whether either brother can be taken back to Iowa for trial. Requisition papers were honored by the State Department at Washington and forwarded to Mexico as rapidly as possible, and with these the detectives applied to the Mexican authorities for the arrest of the brothers. They were locked up, but when it came to extraditing them the detectives found themselves blocked under the Mexican law. A foreigner may go there, renounce allegiance from his country, from which he came, become a Mexican citizen and thus avoid extradition. Rowe had the advantage of the law, although he had only been in the City of Mexico three weeks. As the result there is likely to be a heated contest in which the United States government will probably play a prominent part.

Rowe disappeared on April 20. Rowe and his brother were at the time of their arrest were conducting a saloon in the City of Mexico.

**A HUMAN PINCUSHION.**  
LURID TALE FROM A CONVENT IN CINCINNATI.

A Young Woman Jabs Fifty-one Needles Into Her Limbs as Penance for Having Aged Unnaturally with Another Female.

(REGULAR ASSOCIATED PRESS REPORT.)  
CINCINNATI, July 21.—A well-dressed young lady applied at the Cincinnati Hospital for admission yesterday afternoon. She presented a letter from the mother superior of the convent where she had resided. The letter said that the bearer, Miss Nellie Thomas, had been employed at the convent some time suffering from swollen legs and feet. Nothing except the symptoms referred to in the letter was found on the preliminary examination, but later it was found that the limbs and feet were imbedded with pins and needles. Fifty-one needles were extracted from her body and she was not able till today to endure further operations, when ten more were extracted, and it was thought others will be found in her body, and the case, in any event, may prove hopeless.

The girl protested till after the operation that she could not tell how her feet and limbs became imbedded with these needles, but she said that she had been at the convent of the Good Shepherd for several years. She was an orphan and alone in the world. During her stay there she had been very ill, and she was unable to move. She was not only once, but persistently. She had done what was not right, and for every sin she had committed, she had done penance by putting needles into one of her legs. She explained that each operation had caused her agonizing pain, and at times the operation was so painful that she had fainted. She felt that she must bear the pain as a recompense for the sin committed.

This mode of doing penance, she said, had covered a period of more than two years. Her wrong-doings had been of frequent occurrence, and she was unable to estimate the number of needles she had placed in her limbs. She said that she and another girl in the convent had become unnaturally intimate with each other. They had acted as if they were sisters, and had together sinned against God and nature. She said that she had been a penitent to a priest at the convent, who was greatly shocked by her confessions made. The sisters were greatly surprised at the statement made by the girl, but they did not understand how such conditions could have existed in the institution without their knowledge. They made no attempt to deny the story, but they did doubt in ignorance of such relations existing between any persons.

Sister Superior Mary Malone stated that the outcome of the examination to her. She had been aware of the condition of the patient's legs and feet for several months, but had no idea of the cause.

Yesterday the girl's limbs were so swollen and her condition so serious that the mother superior upon her going to the hospital. As to that portion of the story regarding Miss Thomas's infatuation and intimacy with another female in the convent, Sister Malone said she knew nothing of it and was surprised and shocked beyond measure. Miss Nellie is able to talk tonight, but is very weak and is suffering intense pain.

Chancellor Moeller of the Cincinnati diocese, when seen at the arch-episcopal residence, said that the case of the woman is beyond all comprehension. He stated that it was a case without a parallel in the history of the Catholic church, and one for which no explanation could be given.

"It goes without saying," said Dr. Moeller, "that such action on the part of this girl was voluntary, and I know that had the sisters of the convent known that she had been thus punishing herself, they would not have permitted it. I cannot understand how any person can pretend to believe that there is any such way of doing penance. Such a thing is beyond my comprehension."

**The Collapse at Breux.**  
BREUX (Bohemia), July 21.—The remarkable sinking of the earth here, the new mark which was yesterday called to the Associated Press, has caused the collapse of eighteen houses, and has done damage to the amount of 1,500,000 crowns.

## THE WEATHER.

## DAILY BULLETIN.

U. S. WEATHER BUREAU, Los Angeles, July 21.—At 5 o'clock a.m. the barometer registered 30.00; at 5 p.m., 29.94. Thermometer for the corresponding hours showed 53 deg. and 59 deg. Maximum temperature, 74 deg.; minimum temperature, 58 deg. Character of weather partly cloudy.

Barometer reduced to sea level.

## The Times

## ALL ALONG THE LINE.

The government of Arizona has a scheme under consideration to lease at a low rental the Territorial lands to stockmen. A similar system is said to be in vogue in Texas and has been found to work satisfactorily.

They do those things better in Tennessee than in California. The Legislature of Tennessee has passed an act, and the Governor of the State has approved it, whereby no debtor in case of an assignment shall make preference between creditors.

A report from Solomonville, Ariz., is that smallpox has broken out at San Jose, a small town in Mexico not far from the Arizona line. The citizens of Solomonville are said to be much excited over the matter and efforts will probably be made to quarantine San Jose.

A new use has been found for California redwood. Owing to the evenness of its grain it has been found to be well adapted for lead pencils and an order has been received from some European pencil firms for a quantity of it. The best quality of redwood for that purpose is said to be found on the western slopes of the Sierra Nevada.

According to the showing made in another column, the Boyle Heights branch police station, which is to be, comes high. The Council appears to have been penny wise and pound foolish when it rented a room at \$10 a month which it will cost \$500 to place in condition for the purpose intended. It looks very much as though a Senegambian were secluded in the woodpile.

It is to be regretted that any dispute should be raised, or contention entered into by the City Councilmen, concerning the question of repairing the defective fire hydrants of the city. No glory can be gained by those desirous of posing as watchdogs of the city treasury, in this matter, and prompt action, in line with the sound advice of the City Attorney will be appreciated by the public.

The bimetalists of Santa Ana and vicinity met Saturday evening and effected a temporary organization. A very noticeable feature of the meeting, so the Times correspondent at Santa Ana writes, was the positive predominance of Democrats present. This may be a straw indicating what may be expected from the "unruffled" in the campaign that is to come. It is, at least, a sign that is worth some consideration by Republicans.

A petition signed by a large number of the merchants and property-owners of the city, protesting against the contemplated erection of a fire-engine building on the lot adjoining the City Hall, will be presented to the Council today. In the face of the public sentiment which has been so forcibly expressed in opposition to this action, it is unlikely that the city Solons will seriously consider the proposition further.

It is satisfactory to learn that the shipment of fruit from California to London made about two weeks ago has proved a perfect success. The shipment consisted of Bartlett pears and plums. With the exception of one box of pears, which was imperfectly packed, the entire shipment turned out in prime condition. It created much enthusiasm among buyers and brought high prices. This is but the beginning of a large and profitable trade.

Work of construction is now going forward upon the new and seventh barracks building at the Soldiers' Home near Santa Monica. Excavation is also under way for the new kitchen, contract for which is expected to be let July 25. This business end of the dining arrangements will have capacity for preparing edibles for three thousand men, and there is small question but that the number will be on hand for attention as soon as barracks buildings enough to accommodate them have been provided by Congress.

Some public-spirited citizens of San Bernardino are agitating the subject of converting Base Line street into a boulevard connecting San Bernardino with Highland, Redlands and other towns in the Great San Bernardino Valley. The project is a worthy one, and should be carried through. By the way, what has become of the much-talked-of boulevard projects in Los Angeles county? Pasadena and Santa Monica should have been connected with Los Angeles by a boulevard long ere this. There should, in fact, be a chain of boulevards extending from the ocean to the east line of the county, there to connect with a similar system in San Bernardino and Riverside counties. There are many things that should be, but they are not.

The question is frequently asked, "What is the outlook in San Diego?" The prosperity of that city and county has never been more pronounced at any time since the boom of 1887, than it is today. It is a pleasure to note this fact. Building operations have increased. The building record in the city alone for 1895 promises to represent at least half a million dollars in investment. A good deal of this investment is by substantial Eastern men, who have come to the Silver Gate of the State. The excellent electric street-railway system of the city will soon be increased by the reopening of the old cable road through one of the principal thoroughfares, the motive power being electricity by means of an underground trolley wire instead of by a cable, as formerly. The most important factor of all in the increased prosperity of both the city and county is the increase in the number of orange and lemon trees, which have recently come into bearing. The county has nearly a million of these trees, many thousands of which will yield a full crop in 1896.

AVALON (Catalina Island) July 21.—(By Honoring Pioneer Sweet Marie of the Catalina) per-pigeon Service to The Times.) Yesterday's steamers brought to Catalina 350 passengers, including a large number of well-known Angelenos. The illumination last night was enhanced by a volcanic eruption from Sugar Loaf. This was not entirely unexpected as rumblings had been distinctly noticeable for several days, so no great surprise was manifested when last evening, just as the Hermosa came in view, volumes of flame poured forth from the top of the mountain and tongues of fire leaped into the air while streams of burning lava overflowed the edge of the crater and coursed down the sides of the volcano. Camp fires blazed all along shore as the party transformation scene of last Saturday night on the Hermosa was repeated, transfiguring her into a ship of fire as she approached the wharf.

Last night the big register which has been in use at the Metropole since May 30, was closed, its last page being filled with autographs. Among the names which open the new register are the following well-known Los Angeles people who arrived yesterday and by today's noon steamer: Ben E. Ward, Henry H. Lindley, A. J. Lindsey, J. Carey, Thomas O'Hara, W. S. Jones, Mr. and Mrs. J. S. Wilde, W. E. Roberts, Mr. and Mrs. F. G. Wright, G. H. Miller, H. S. Darling, Miss L. Wadsworth, Miss Hitchcock, Miss Maud Mathews, Charles L. Batcheller, V. G. Bidden, S. F. de Yoe, E. E. Edmonson, J. S. Ballard, L. J. Lassalle, H. R. Duffin, J. W. Smith, Mr. and Mrs. G. G. Roberts, Misses Minnie Sawyer, Anna Mathews, Eliza Wolfe, Miss Brown.

From Pasadena, S. W. Bell, William R. Staats, H. H. Rose, wife and child, J. B. Wethersby. From other points: Mrs. Irene Trivett and Miss Edith E. Bailey of Stockton, who have returned for their vacation visit; A. W. Howard of Chicago, C. J. Wetmore of San Francisco, C. H. Hastings of Sierra Madre, Mrs. M. Belle of San Jose, George Hinde of Wilmington, H. G. Wolf of Chambersburg, Pa., Mr. and Mrs. F. T. Keller, Oakland. The Alle came in last night with the following party on board, all of whom are guests of the Metropole: Capt. Dick Sumner, Mr. and Mrs. F. W. Carey, Miss Lulu McCarty, Miss L. O. Wadsworth, W. E. Nicholson, all of Los Angeles, and Messrs. A. P. Chipman and L. H. Butcher of San Francisco. Today's arrivals include: Charles I. Faulkner, Mrs. William Faulkner, Miss E. J. Faulkner, Mr. and Mrs. J. Russell, J. Able, all of Pasadena; W. J. Trask, E. A. Cole, Mrs. S. A. Adams, Mrs. L. N. Butler and grand-daughter, C. H. Baruch, Marion E. Williams, H. R. Smith of Los Angeles; Mrs. M. M. Cole of Denver, F. M. Brown of South River; Miss Helen Braden of San Diego; P. F. Pesson and son of North Dakota; P. F. Clark of Riverside, E. Tedford of Santa Ana, A. D. Bemis of Kansas; Capt. W. Whitney of Eureka, Mr. and Mrs. J. L. Jordan of Wilmington, C. L. Richards, Mrs. H. B. Maxwell, W. H. Dana, J. Strum and wife, Los Angeles; J. B. Hayes, Jr., Miss M. Johnson, Miss D. Carmely, Wilmington.

ROD AND REEL. The San Jose Fishing Club made a catch of seventy barracuda yesterday. J. K. Prior toyed with twenty-five fish, number and is nursing a lame arm in consequence of his muscular exertion in hauling in the monsters. The entire catch was salted down in chipped ice and sent north, making three cases of fish dispatched to San Francisco and San Jose by the club since their arrival. Reports come back from the north that the fish arrive in excellent condition. Tomorrow the club will try their skill in goat hunting.

A frisky yellowtail was sporting playfully round a boat occupied by Harry Elms the other day, utterly ignoring the tempting hook thrown out to him. In desperation finally the dauntless fisherman grabbed a spear and speared the monster fellow, landing him inside the boat.

Mrs. F. P. Chaffee, who was one of the fifty-three who made the trip to San Clemente yesterday, hauled in three big abalone aggregating ninety pounds. Ambitious sportsmen will have to look to their laurels, now that the ladies are taking a hand.

Hervy Lindley and a party of friends went on a fishing trip to Silver Canyon today on board the Linda.

WITH RACKET AND BALL. Lawn tennis has become a favorite pastime at Catalina. There is a splendid court just beyond the pavilion, and yesterday an animated game between Miss Trifts of Los Angeles, Mr. Langley of Riverside and Mr. and Mrs. Chapman of Canada entertained an interested crowd of onlookers, among whom were Mrs. J. E. Slater, Miss Waddell, Mr. and Mrs. J. Sidney Duncan, Misses Hitt, Cass, Matthews, Donnell and Davis.

Miss Bertha Crouch of Oakland, who is spending several weeks here, is the champion player of the Pacific Coast, and has the silver cup in her possession. CATALINA PERSONALS. Dr. E. H. Way of Riverside is spending ten days with his family in their cottage beyond the Linda. S. V. Lewis, son and daughter of Los Angeles are camping on Nob Hill. Miss Fannie Chaffee, a Los Angeles Normal School student, arrived yesterday and joined a party of friends at the Catalina House. Misses Edith and Barbara Hitt of

On the coast.

Coronado Agency, 120 North Spring St. Los Angeles.

Los Angeles arrived yesterday with a party of Chicago friends, who are camping in a big tent on the hill for a month. Mrs. C. D. Willard and little daughter, of Los Angeles, are also of the party, which includes the following Chicagoans: Mrs. S. T. Clover, Misses Kittle and Marjorie Clover, Paul Clover and Misses Emma and Harriet Davis. The entire party take their meals at the Grand View Hotel. Walter Devereux, the Southern Pacific freight agent at Los Angeles, is at the Grand View, accompanied by his wife. C. C. Thompson of Pasadena came over last night to arrange for the coming of his family, and is a guest at the Grand View. Other guests here are: W. G. Wals of El Paso, Tex.; E. P. Bosbyshell and daughter, Elsie, O. T. Lockhart, J. L. Sanderson, William Sherman, W. A. Kennedy, Dr. L. Deard of Los Angeles. J. M. Sickler has engaged camping accommodations for himself and family from July 31.

## CONNELL'S CRAZE.

Imagines His Enemies Are Trying to Kill Him. There is no improvement in the condition of Charles T. Connell, City Recorder of Tucson, Ariz., who went insane at the Hollenbeck Hotel about two weeks ago, and has since been confined in the Police Receiving Hospital. His friends and relatives at Tucson have been communicating with, but as none of them have yet come to take charge of the demented man, Police Surgeon Bryant, who has been attending the patient, has about made up his mind to have him taken before a commission on lunacy and committed to the Highland asylum. Connell's hallucination is that his enemies are trying to "do him up," as he terms it, and kill him. He thinks Chief of Police Glass and his men, especially, have "it in for him." Connell's wife died several months ago, since which time he has been suffering from nervous prostration, and this is thought to be the cause of his unfortunate condition.

## CITY SONG.

When you and Love and Fate grow kind, I shall not lead you to a bower Where summer's warm and lavish wind Strews down leaves on a cooling hour. No; we must go by train and bus Through streets that murmur day and night; Long flights of stairs will usher us Into our palace of delight.

All woodland songs our ears must lack. The meadow's charm in vain must woo. For in a city three-part choir, My love has built a nest for you. There, oak-seeded from dunes and bays, We'll grow domestic as you wish. And buy our poultry at the store, And in the market buy our fish.

Through the long days I'll read and write And sigh that work is long to do. And laugh with joy at heart's delight. To think my work is done for you. And when the winter evenings come We'll bar the door and stir the fire. And sing old songs of youth and home And memory and the heart's desire.

Secure above the city's strife, We'll hear the rushing Fleet-street tide, And flowers will bloom about my wife More fair than those that decked my bride. We shall not miss the woodland bower— The music of the woodland throng. Since Love will be my golden fower And Love will be your golden song. (St. James Gazette.)

G. M. STEVENS, Auctioneer.

## J. T. Sheward, 113-115 N. Spring St.

Funny Isn't it, How Many People Agree With You When You are on Their Side?

It is truly wonderful how many people buy goods when the inducements are made strong enough. We have a few remnants of broadcloth; anything in the remnant line is being sold for half price. In addition to this we will cut, fit and baste capes free; capes will be greatly worn this fall. It is the one chance for you to buy a cape; we are not very busy in the work room; this offer stands for one day only; it will make things lively in the work shop. There has been the largest trade in the house the past week that we have had for over a month. Remnants at half price.

Remnants of silks, remnants of velvet, remnants of woolen dress goods, remnants of cotton dress goods, remnants of shirtings and skirtings, all at half price.

Silk Belts. Over 1000 new ones, 25c and 50c for belts worth double. Principally black, white and cream.

Sailor Hats. Are selling more lively than ever. Sailors for 50c; the same sailor is sold all over the city for \$1 and \$1.25; all new shapes; all the latest styles; we are in daily receipt of new sailors.

Wrappers For \$1; an odd lot; none exchanged; none taken back.

Shirt Waists. 50c to \$2; a complete assortment; with a lot of new things to show you.

Duck Suits. In all qualities. There is a great demand for duck suits; this has been the best spring we have had for years in the cloak room; we are closing a lot of jackets for \$1.50 to \$5; the price has been from \$5 to \$15. We are getting ready for fall.

Remember This. The remnants are first-class styles in every way. A lot of very fine embroideries will be sold for less than half price. It is the one good time to get bargains. Children's Dresses, 40c, 50c, 75c and \$1; new today. Scissors and Shears, 25c; worth every cent of it.

## Newberry's FRESH FRUITS.

We beg to call attention to our Fruit Department, which we will open on Monday next. Here you will find nothing but the choicest Fruits the markets afford. Families will find this very convenient, as they can order their Fruits and Groceries, and have them delivered at the same time.

J. R. NEWBERRY & CO.

**THREE THINGS NEEDED.**  
"Good wine needs no bush," 'twas a saying  
When our grandfathers sires were  
youthful;  
But try to work it in times like these,  
And you'll find that it isn't truthful.

Your wine may be good—yes, the very best—  
But little good will it do you  
Unless you adopt the modern plan  
For bringing customers to you.

Good wine and good bush; you need  
them both.  
But, for all your supervising,  
Your wine won't sell if you trust to its  
worth  
And neglect the advertising.

Mr. Samish of San Francisco, the  
well-known china decorator, has opened  
his studio with Meyberg Bros., Nos.  
124-140 South Main street, and is now  
prepared to give lessons in the latest  
styles.

The dog-catcher will commence his  
duties today.

The Southern Pacific yesterday broke  
all previous records of passengers car-  
ried to the beach, taking over to Santa  
Monica, in round numbers, 8000 people,  
who went to see the whale, the amate-  
ur half-mile swimming match, and the  
Spanish tournament. Notwithstanding  
the entire immense passenger  
equipment of that road was put in the  
service, this unprecedented onslaught  
taxed the road, taking down the "ut-  
most." Trains ran frequently, on the  
schedule planned, but it was found nec-  
essary to add others, and as late as 9  
o'clock, long, thirteen-car, crowded  
trains were leaving Santa Monica.  
When it is considered that 150 coaches  
were sent down to Santa Monica some  
idea can be gained of the efforts put  
forth to handle the crowd, and many  
remarks were heard commendatory of  
the excellent train service given. The  
report of the sporting events will be  
found in the Los Angeles letter.

#### PERSONALS.

J. E. Haylan and wife of San Fran-  
cisco are at the Westminster.

E. W. Scripps, the well-known East-  
ern publisher, is at the Westminster.

Mr. and Mrs. J. W. Atkinson of Al-  
varado, are staying at the Hollenbeck.

Paul H. Blade, editor of the San  
Diego Sun, is registered at the West-  
minster.

Mr. and Mrs. Ira O. Smith of this city  
are among the guests at the Cataract  
House, Niagara Falls.

C. J. Jones, one of the veteran com-  
mercial travelers of the Coast, is stay-  
ing at the Nadeau. He has been in the  
service for more than twenty years.

Mrs. M. B. Cavanaugh, the former  
proprietress, has again taken charge  
of the California Hotel, and will prob-  
ably rechristen the house, the Southern.

J. C. Martin of Prescott, Ariz., editor  
of a paper in that city, and a member  
of the Territorial Legislature, is at the  
Nadeau, accompanied by his two  
daughters.

Isidor Marschuetz will leave today on  
a two years' trip to Europe. During the  
stay in his former home he will take up  
optical studies with eminent men in  
that profession.

#### A HOBO COURT.

The City is Adorned with a Pick-  
pocket Tribunal.

Notwithstanding Los Angeles is com-  
monly supposed to have a great plenty  
of laws, lawyers, courts and other legal  
machinery, a new court has been organ-  
ized within its borders. The new tribu-  
nal is known as the "Kangaroo Court,"  
and dispenses justice—or rather injus-  
tice—in a small corral on North Los  
Angeles street.

The place has been dubbed "Lowe's  
Hotel." While the name is more ele-  
gant than the character of the quar-  
ters would warrant, yet the guests, if  
such they may be termed, raise no objection  
to it.

The corral is a small one and opens  
into Los Angeles street by a gateway  
just large enough to admit a team. A  
part of the corral is covered and in it  
are quantities of straw, which make  
an inviting bed for the man who is in-  
toxicated to walk. The place is fre-  
quently by a number of characters com-  
monly known as hobos. If a stranger  
in an intoxicated condition can be  
enticed to the place the "Kangaroo Court"  
is at once organized.

Trial is held without delay and the  
verdict is always that the defendant  
is guilty. It is then ordered by the  
called court that the defendant treat  
the crowd. If the latter manifests any  
disinclination to do so further cere-  
mony is omitted and the case is over-  
ruled, and the contents of his pockets are  
taken from him.

"Sometimes for the sake of variety the  
mock court ceremony is dispensed with  
and the pocket-picking is done without  
delay. In at least one case a man has  
been seen lying on the straw in an ad-  
vanced state of intoxication with his  
pockets turned wrong side out. Some  
of the hangers-on about the place were  
not at all backward about stating that  
they found \$3 in his pockets and  
took it to buy beer.

"Not long ago the police arrested a  
woman or more, and at the place one  
night and the proprietor stated in court  
the next day that he had given them  
permission to sleep there. Some of the  
hangers-on are said to be men who  
have formerly "done time" and the fear  
has been expressed that if the gang be  
not soon broken up it will assume such  
proportions as to be a serious menace  
to the good order of that neighbor-  
hood."

MR. WARD, 625 E. Broadway, Tel. 1421.

COUPON.  
This will entitle the bearer to one copy  
of the Los Angeles Daily Times, upon pre-  
sentation at our office and the payment of  
cents. One hundred and sixty copies of  
this coupon are being distributed.  
J. C. Martin, First and Broadway.

## A SPOOKY CONCLAVE.

THE SPIRITUALISTS IN CAMP AT  
SANTA MONICA.

Shades of Departed Mortals Conjured  
Back to this Wicked  
Mundane Sphere.

The Camp-ground by the Sea Pre-  
sents a Cheerful and Circum-  
stantially Appearance.

A Diversion from the Regular Pro-  
gramme Caused by the Ma-  
chinations of a Contem-  
porary's Fake Reporter.

The Southern California Camp-meeting  
Association of Spiritualists opened  
its grand camp-meeting at Santa  
Monica yesterday at 10:30 a.m.

The camping-ground presents a  
cheerful and circumstantially ap-  
pearance, with the large central tent, from the two  
poles of which float two American  
flags, and the string of little canvas  
satellites around the central luminary,  
which, to carry out the comparison,  
contain the several side-shows. The  
camp is a cheerful and circumstan-  
tially appearance, with the large central  
tent, from the two poles of which float  
two American flags, and the string of  
little canvas satellites around the central  
luminary, which, to carry out the com-  
parison, contain the several side-shows.

The camping-ground presents a  
cheerful and circumstantially ap-  
pearance, with the large central tent, from the two  
poles of which float two American  
flags, and the string of little canvas  
satellites around the central luminary,  
which, to carry out the comparison,  
contain the several side-shows. The

luminary, which, to carry out the com-  
parison, contain the several side-shows.

Bradley, and her son. After a little  
desultory conversation, the departed  
spirit delivered this message to the  
warning: "Lucinda, it's your first  
experience. He hopes to God it won't  
deprive you of the last."

The spirit of Cornelius Johns then  
spoke to Mrs. Johns and told her her  
husband's maiden name, and an ethereal  
gentleman addressed a lady in the  
congregation as his "own dear August-  
ta," and assured her that all was right.

William Wheeler then owned to hav-  
ing five or six names on a slip of paper  
in his pocket, so Dr. Schlesinger pro-  
ceeded to read them off, with the ac-  
companying messages. One spirit stated  
that he had been gone since he was  
a "little weeny" and had made his  
bereaved relatives not to grieve for  
him, as he was with his "Auntie Eliza-  
beth Green," and another brother  
bade Mr. Wheeler "not to trouble about  
Charles."

The skeptics then came in for a share  
of attention, and Dr. Schlesinger pro-  
ceeded to read them off, with the ac-  
companying messages. One spirit stated  
that he had been gone since he was  
a "little weeny" and had made his  
bereaved relatives not to grieve for  
him, as he was with his "Auntie Eliza-  
beth Green," and another brother  
bade Mr. Wheeler "not to trouble about  
Charles."
